Division of Texas.

A local writer from Dallas, Texas, to the paper in Baxter Springs, says that a project for the division of Texas into three States is about to be submitted to a vote of the people, and it will surely carry at the next election. The counties of Dallas, Tarrant, Denton, Cooke, Grayson, and parts of Wise and Montague, will be placed in the first State, formed east of the Trinity river. The next State will comprise the territory between the Trinity and the Colorado, and the country west of the Colorado will comprise the third State. The capitals expected are Tyler, Waco and San Antonio. The Pan Handle country and the whole territory from the Pecos river to the line of organized communities will most likely be dependent of the general government. If so, it will eventually compose another State.

HOOFLAND'S

GERMAN BITTERS

HOOFLAND'S GERMAN TONIC

Hoofland's Podo phylax Pill

Hoofland's Greek Oil

Hoofland's German Bitters.

A Bitters Without Alcohol or Spirits of any kind.

Is different from others. Is composed of the purest or real principles of Roots, Herbs and Bark; for in some it is termed, extracts, the worthless and inert portions of the ingredients being used. Therefore, in one bottle of this Bitters there is contained as much medicinal virtue as will be found in several gallons of ordinary mixtures. The Roots, etc., used in this Bitters are grown in Germany, their vital principles extracted in that country by a scientific Chemist and forwarded to the manufacturer in this city, where they are compounded and bottled. Containing no spirits or ingredients, this Bitters is free from the objections urged against all others; no desire for stimulants can be induced from their use, can make no drunkards, and cannot, under incumstance, have a bad effect.

Hoofland's German Tonic.

Was compounded for those not inclined to exert themselves, and is intended for use in cases when some alcoholic stimulant is required in connection with the tonic properties of the Bitters. Each bottle of this Tonic contains one bottle of Bitters, combined with pure Santa Cruz Rum, and Bitters, in such a manner that the entire bottle of the Bitters is overcome, forming a preparation which is gentle and pleasant to the palate, and containing the medicinal virtues of the Bitters. The price of the Tonic is \$5.00 per bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be of a pure quality. A good article could be furnished at a cheaper price, but it is better to pay a little more and have a good article! A medicinal preparation should contain none but the best ingredients and those who expect to obtain a cheap compound will most certainly be cheated.
